Arm Broken In Tractor Mishap

OWL RIVER—The worst farm accident of the season for this community happened last week. Oliver Viellette was cranking a tractor when the engine backfired. The impact of the crank threw his wrist out of place and broke his arm.

He was taken to St. Catherine's hospital in Lac la Biche.

New Road For Community

OWL RIVER — After many years of need, the government ment has started a road into the west half of Owl River community. The big, noisy machinery roared into this part of the country, Sept. 17, to the great joy of all those this road will serve.

Features of the Anglican Mission to Lac la Biche from Oct. 11-14 will be evangelistic services to be held in St. Andrew's Church at 7:30 p.m. on Thursday, Oct. 11 and Friday, Oct. 12. The speaker will be the missioner, who is the Rev. Harold Macdonald of St. David's Church, Edmonton.

Couple Honored At Farewell Party

Cpl. Bligh of the RCMP and Mrs. Bligh were guests of honor at a farewell party held in the Legion Club House, Sept. 20, when friends gathered to bid the popular couple farewell as they leave soon to make their home in Edmonton.

During their two and a half years in Lac La Biche they have made many friends and will be greatly missed. Cpl. Bligh has been Scoutmaster since the troop was organized the first of the year. Mrs. Bligh was a member of the teaching staff in the Lac La Biche school.

As a token of the esteem in which they are held, they were presented with a mahogany bookcase and a table lamp. Mrs. Bligh was also presented with a bouquet of flowers.

Both Corporal and Mrs. Bligh, in thanking the townspeople for the gifts, expressed regret in leaving their many friends here. The community joins in wishing them success and happiness in their new home.

Mr. and Mrs. W. Baznette made a recent business trip to Edmonton.

SATURDAY NIGHT, Sept. 22, was a special Petroleum Night at Clarke Stadium. Appropriately, Calgary Stampeders provided the opposition for the Eskimos—'Oil Capital' vs 'Oil Capital' stuff. Karen Giebelhaus, Eskimo cheerleader, insists that quarterback Jackie Parker 'trade in" his football helmet for an oilman's hat.

LOCAL SEA CADET AWARDED NAVY LEAGUE SCHOLARSHIP

With the summer vacations now over, the Exeter Sea Cadet Corps is now operating in full swing and a recruiting campaign is under way to get more members in the corps. Applications to join will be received from boys from 14 to 18 years of age for the Sea Cadets, and from the younger boys from 12 to 14 for the Navy League Cadets.

This summer was very successful and the camp was attended by one of the largest groups since it was established some time ago. A new fibreglass whaler has been added to the fleet. This is the property of the Royal Canadian Navy on loan to the Exeter corps. A new vessel, which will be much larger than anything else ever seen here, is under construction.

There are many other things, also, that should encourage membership in the Sea Cadets. There is the training in good citizenship, the various courses and cruises and the scholarships which are awarded annually by the Navy League of Canada. This group is nation-wide, with headquarters in Toronto, from which th activities of the league are directed for the whole dominion of Canada.

One of the greatest works of the Navy League, among many, and perhaps that for which they are most widely known, is the Sea Cadet and Navy League Cadet movement.

This year for the first time in the history of the local corps, one of these Navy League scholarships has been awarded here. The recipient is Petty Officer Cadet Hugh Maccagno, who has now left to attend the University of Alberta.

This is the UNTD scholarship, which means that the scholarship carries with it a cash grant of $250.00. Then the cadet joins the University Naval Traihing division.

He may choose any course or profession to study for, and at graduation he has his profession, plus a commission in a reserve division of the Royal Canadian Navy.

Any cadet on completing grade 12, may apply for this type of scholarship. All the applications from the various provinces are then forwarded to Toronto where they are reviewed and the awards made to the successful applicants.

Hugh Maccagno is the son of Mr. M. Maccagno, MLA, and Mrs. Maccagno of Lac la Biche.

Lac La Biche

Hervey Marchildon, town foreman, leaves the end of the week for Calgary where he will attend a water and sewer conference.

Helen Guinand, who has been working in Banff during the summer, is home for a short holiday before leaving for Prairie Bible Institute, Three Hills, to complete her final year's training.

Election of officers for the Lac la Biche Students' union was held Sept. 11 in the Dr. Swift school. The new slate of officers are as follows: president, Tom Maccagno; secretary, Lillian Zinko; treasurer, Roger Langevin; social convener, Jane Burdek; boys' sports convener, Allan Southwick.

Mr. and Mrs. Albert Gerber of Camrose, and their three children arrived a few days ago to make their home here. Mr. Gerber, who is the new pastor of the Lac la Biche and Hylo Gospel tabernacles, formerly served as minister in Fort Vermilion and Hinton.

The United Church choir had the first practise, Thursday evening, after reorganizing for the coming year. Mrs. Harold Mawson is director, and Mrs. M. Lett is organist.

The fire brigade was called out shortly after 10:00 p.m. Thursday night to the south side of town, but on arrival found the fire to be a pile of ties that had been burning all day beside the tracks. The glare had alarmed some residents in the area.

Paul Lasky and Mike Fedoro of O.K. Motors, attended the advance showing of the 1957 Ford in Edmonton over the week-end, as well as the annual Ford conference.

The Lac la Biche Boy Scout troop met on Friday evening with some 20 boys enrolled for the coming season. Cpl. Bligh, who has been Scoutmaster in the past, will be replaced on his departure by Cpl. Clark, who is expected to arrive soon. E. G. Dobson is assistant Scoutmaster.

Mrs. F. A. Coutney and Carol visited her two daughters, Mrs. G. Steinman of Calgary and Mrs. William Feniak of Claresholm.

Occupants Escape As Boat Upsets

GRASSLAND — A serious accident was narrowly averted on Sunday when two local residents on a fishing trip on Lac la Biche, managed to upset the small boat from which they were fishing. Dale Mellott, who had some experience of this sort before, managed to push the boat toward Don Corse, who is unable to swim and both managed to scramble onto a large boat. The party succeeded in reaching shore but much valuable fishing equipment was lost.

Funeral Rites For Yves Salaun

Yves Salaun died recently in St. Catherine's Hospital in Lac la Biche at the age of 54 years. Born in France, he came to Canada in 1928 and homesteaded in the Gourin district. Here he lived for the past 28 years.

Nervous Thief Returns Cheques

LAC LA BICHE — Government cheques belonging to three local girls, which were stolen from the front seat of a car parked in front of one of the stores Friday of last week, were found in the outside letter box of the post office just a few days later.

Apparently the thief decided there was too much risk involved in trying to cash them. Needless to say, the girls were relieved to have them back.

Envy is a form of self-poisoning.

President Urges Financial Aid Gifted Students

Only students who are intellectually and morally worthy of handling college work should be able to go to college, Dr. Sidney Smith, president of the University of Toronto, writes in Maclean's Magazine in an article that asks: "Is more money than brains going to college?"

"We are now getting that whole group in the universities," Dr. Smith writes. "We are not getting many of those who have the urge and the brains but not the cash. Less than 15 percent of Canadian university students get financial help; in Britain 72 percent are helped."

The fact that all men are born equal under the law "does not make them equal under the skull," the Maclean's article says. "It would be ridiculous to expect them all to possess the talents of advanced study, for handling ideas that are needed in university work."

There has never been a time when Canada's need for educated people has been so great, Dr. Smith points out. "We need more doctors, dentists, nurses, more scientists and engineers, more professors and researchers, clergymen, historians, social workers. That is why we need the whole group who have the ability to profit from university courses."

"I wonder," Dr. Smith writes, "whether we should not try to make 'equality of opportunity' a reality instead of an oratorical flourish. That would mean providing money to send gifted students to college, whatever their economic status. It would mean paying more attention to gifted students while they are at school. Gifted students are the underprivileged in most Canadian schools."

Govt. To Provide Tourist Campsites

Campsites for tourists and weekenders in Alberta are to be provided soon by the government, according to the Canadian Rockies Tourist Association bulletin.

The new scheme to establish camping sites throughout the province will be undertaken by the department of economic affairs and the department of lands and forests.

Considered far behind British Columbia and neighboring states of the U.S.A., Alberta will now make an effort to cater for this popular pastime of motoring families.

Thousands of Alberta families leave the province every summer for camping holidays elsewhere. Now they will be able to enjoy holiday weekends at beauty spots.

Alberta Man Killed In East

KIRKLAND LAKE — Police here identified a man killed in a head-on collision near here Sunday night as Max Delmar Weisman, 35, of Cartwright, Alta.

Four others were injured.

Arvo Werta of Sudbury, driver of the northbound car in which Weisman was a passenger, suffered a fractured leg.

Mrs. Carl Schultz, 32, of Ottawa, occupant in the southbound vehicle driven by her husband, suffered chest and head injuries and a broken leg. Her husband, 32, and Mrs. Marie Goodman of Ramseyville, Ont., suffered minor injuries.

Police said the northbound car attempted to pass another northbound vehicle on a straight stretch of highway and crashed head-on with the southbound car.

Heavy Claim Filed On Clark Estate

A claim for $100,000 general damages, $50,000 punitive damages plus funeral expenses and costs has been filed against the J. A. Clark estate by Mrs. Josephine Anderson of McLennan, mother of a young man who was murdered by J. A. Clark, MLA for Stettler, last June. Clark went berserk, killed his wife and children, young Anderson and another young man, then turned a gun on himself. The mass murder and suicide occurred at Erskine, in the Stettler distrcit.

Fifty Years Ago Nobody Was Sure

When your father was a young lad, prices in stores were not marked so they could be read by the customer.

The selling price very often was whatever the sales clerk could get. The higher the price, the better the salesman.

Only good bargainers could beat the salesman at his own game. The secret price was unfair to most customers.

Then, points out Earnest E. Calkins in an article which appeared 33 years ago in The Realer's Digest, along came advertising. Some merchant abolished the secret price and announced "All goods plainly marked".

"A new era in selling had begun which," says Mr. Calkins, "was to continue until goods could be returned if unsatisfactory, money cheerfully refunded; until the customer's continued satisfaction was placed higher than the profits on any sale. It is only within the memory of men now living that it has been believed that both parties to a bargain could be satisfied".

All of which is just one more reason why this newspaper pays tribute to the businesses whose consistent advertising in our columns over many years has brought to this community better, cheaper, and more reliable goods and services. Their advertising has benefited us all.

Build New Boat

LAC LA BICHE — Father McGrane who was much in the news this past summer when he and his quartet of Sea Cadets made a voyage in the famous "Exeter", is now building a much larger boat. This one 50 feet in length is of the river boat design and from all appearances will be capable of much longer voyages.

"Get Acquainted Party"

A "Get acquainted party" in the Dr. Swift School on Sept. 14 was the first social event of the school term. This party was well attended by the majority of the high school students. A group of students furnished dancing music fit for "kings".

Throught the evening a variety of novelty dances helped to add "spice" to the party. This year "jive" seems to be the popular form of dancing. Following a delightful evening of dancing and merry-making, a delicious lunch was served, by the capable lunch committee.

Much of the success of the evening was due to the hearty cooperation of the students and they are all looking forward to more good times in the future.

Good manners are made up of petty sacrifices.—Emerson.

Lac La Biche To Honor Scholarship Winners, Honor Students

Some very happy tidings were received during the past few days by two Lac La Biche High School graduates. For Anne Wojciechowski, it was the news that she had won an Alberta Hotel Association scholarship. The cheque for $500.00 has arrived at the Lac La Biche Hotel. It is being forwarded by Nick Weleschuk to Anne, who is already in the city preparing to attend university.

Hughie Maccagno, who has left for the same destination, is the happy recipient of a scholarship from the Navy League of Canada. It amounts to $250.00.

To give proper recognition to these young people for their excellent work it is planned to have an official presentation in Lac La Biche later this fall.

The program will include presentation of awards to "Honors" students from the Women's Institute, the Ladies of St. Catherine's, the Lac La Biche School Division, and the Lions club.

Students Feted

LAC LA BICHE — A farewell party was held on Thursday evening, September 20, at the home of Mr. and Mrs. M. Maccagno, in honor of five local young people who are leaving soon for university. The honored guests were Maureen Kelly, Iris Duban, Hugh Maccagno, Ron Tessolin, and Tom Ponich. Thirty friends were present to bid them good-bye.

Excellent music for dancing was supplied by a few of the local high school boys. New talent was discovered when Ron Polowich and Dennis Terrion impersonated Elvis Presley. The section of the evening devoted to games resulted in hilarious confusion.

To complete a most enjoyable evening, a delicious lunch was served by Mr. and Mrs. Maccagno. Gifts were presented to the guests of honor, after which all joined in singing, 'Auld Lang Syne," and wishing them good bye and good-luck for the future.

Home Hints

By DORIS MONTALBETTI

"One For The Money"

And that one is an Alberta School of Agriculture and Home Economics. How many of you really know what kind of training these schools offer? Mainly it is practical instruction in agriculture and home economics besides training in leadership and citizenship.

How advantageous do you think it is for the average girl to have a thorough training in cooking and sewing? As well as basic knowledge of proper management and care of a home? Besides getting this at one of the three schools (Olds, Vermilion and Fairview), courses in typing, bookkeeping, English, public speaking, horticulture and poultry are offered. On completion of the courses she has a fine chance for immediate employment; coupled with use every day for the rest of her life.

All too often, we see young girls just quitting school to go to work. Not giving a thought to equipping themselves with an advanced training, or preparing themselves for a future of homemaking. The more education and training, practical and otherwise, we have in this day and age the better the chance for a useful and successful life.

And it's not all books at the schools either. The students relax and enjoy themselves through dramatics, sports and various social activities. The schools open October 30, so write now for information to: The Principal, School of Agriculture and Home Economics, (at) Olds, Vermilion or Fairview, Alberta.

Did you know you can clean your iron: by putting a little salt in half a cup of vinegar, heating it in an aluminum pan and rubbing it on the bottom of the iron? Shines like silver.

Alberta ranks third, behind Ontario and Quebec, in mineral protrial.

Miss Esther and William Johnston paid a Saturday evening visit to Mr. and Mrs. W. Sawchuk of Hylo recently.

Health Director Guest Speaker, W.I.

The regular meeting of the Lac la Biche WI was held at the home of Mrs. L. Badry with 15 members and five guests present. Members offered suggestions for making a better WI. Many valuable hints were heard from those present.

Reports from standing committees were heard. Mrs. McMillan, librarian, explained the financial arrangements of the library. The proceeds from the bake sale were $16.45. It is still not definitely settled who will receive the annual WI scholarship.

Mrs. Hamilton and Mrs. Persini will be in charge of the Christmas party to be held for children of WI members.

The WI will again canvass for the Canadian Institute for the Blind. This year the canvass is to be held on Oct. 6.

The next meeting is to be held in the Dr. Swift school. A program of United Nations items is to be presented and it is hoped to have a film on Ceylon, the country where the next meeting of the International Women's Intitutes is to be held.

Speaker of the evening was C. B. Pugh, director of surveys and health education of the Alberta Tuberculosis Association. He told us of the work done by the association, the installation of X-ray machines in hospitals, the mobile X-ray units that travel the province, the educational and rehabilitation work done with patients recovering from tuberculosis, and the welfare work done for families of patients.

The purpose of the speaker was to obtain the help of the WI in the sponsorship of a mobile clinic to be held in Lac la Biche and surrounding districts, in October.

Mrs. Steve Hamar was appointed general chairman; Mrs. Marshall Hamar, chairman of advanced registration; Mrs. S. Kelly, chairman of clinic appointments; Mrs. W. Coast, publicity; Mrs. J. Booker, chairman of volunteer help.

Lunch was served by Mrs. Badry and Mrs. Kelly.

Farewell Honors Pastor

A farewell party was held at the home of Mr. and Mrs. T. N. Sawchuk, of Hylo, Saturday evening when members of the congregation of Lac La Biche and Hylo Gospel Tabernacle bid farewell to Mr. Bob Pritchard, pastor of the churches for the summer months.

A program of music, songs and contests was enjoyed. Following lunch, the presentation of a club bag was made to Mr. Pritchard, who plans to take further studies in Ontario before going to Africa as a missionary.

The new minister, Mr. A. Gerber and family, were also present and received a large hamper of food stuffs as a token of welcome.

Dictated By Phone, Operation Success

EDMONTON — Two RCAF doctors, receiving instructions over a long-distance telephone, successfully operated Saturday on a seriously ill woman at Fort Nelson, B.C., 400 miles northwest of here.

Flt. Lt. Dick Foulkes and Flt.-Lt. Derek Waller, two medical officers of the RCAF detachment at Fort Nelson, removed a clot from the main artrey in 59-year-old Mrs. Orphie Olson's right leg.

The doctors, who discovered gangrene was impending, phoned Dr. John Callaghen of the University hospital, Edomnton, for instructions on how to operate. There was not enough time to fly the woman to Edmonton for an operation.

For 45 minutes in the small hours of Saturday morning, Dr. Callaghan went over the procedure point by point. They then operated and succeeded in restoring the flow of blood.

Saturday afternoon, Mrs. Olson was flown by a Dakota aircraft of 105 Communications and Rescue Flight from nearby RCAF Namao station to Edmonton. The plane was captained by Flt. Lt. Al Kerslake. An RCAF nurse, FO Clarke Trepanier, also was aboard.

Dr. Callaghan said Sunday the woman is in excellent condition in hospital and there is no danger of her losing the leg.

"The chief credit, however, must go to the two doctors who performed the opertaion under difficult conditions," he said.

"They followed my instructions meticulously and must be heartily commended for performing a duty above their call as RCAF doctors."

Alberta Woman Killed In Sask.

MOOSE JAW, Sask. — Mrs. Frank Schweinzer, about 50, of Schuler, was killed Monday when a car her husband was driving and one driven by Harvey Smith, of Moose Jaw, were in collision at a residential intersection. She was thrown from the car by the impact.

Her husband is in hospital with a shoulder injury and her daughter, Mary, with a head injury. Also in hospital are Mr. and Mrs. Smith, who were married Saturday. Their injuries have not been determined.

Claim Britishers Lose City Votes

Wording of the Alberta City Act is such as to disfranchise large numbers of British subjects who are not "Canadian citizens," but both federal and provincial election acts make provision for their voting, if they have the required residence qualifications.

When the bill was originally up for discussion in the House, press gallery reporters, including CKUA's legislative commentator, discovered the omission, but apparently it did not impress its importance on the legislators, since nothing was done.

Now a press gallery member, Graham Smith of the Albertan, has revived the issue and Calgary cabinet minister, F. C. Colbourne, has promised to investigate it. In view of Mr. Colbourne's commission in charge of changing the provincial election act, it is likely he will bring in an amendment to revive the voting rights of British subjects.

It has been traditional in Commonwealth lands for persons holding rights as "British subjects" or "citizens" to acquire voting privileges as soon as proper residence is established. One member of the Sun Publication staff, for instance, has voted in Canada, England and Ireland, without hindrance.

New Address For Soldiers

The addition of these words to regimental number, rank, name, unit and the Canadian Army Post Office number, was announced by army headquarters.

The CAPO numbers for services personnel are 5050 for the 2nd Canadian Infantry Brigade Group in Germany, 5051 for army and RCAF personnel in Britain, 5052 and 5053 for RCAF personnel in France and Germany.

Alta. Game Laws "Fairest, Finest"

EDMONTON — James Stewart, predator and beaver control officer of the Alberta Game and Fisheries Branch, says Alberta has the "fairest and finest set" of game regulations in North America.

He told a service club meeting Monday the province's game laws are designed to see that every hunter gets his fair share of available game and to ensure, through proper conservation methods, that good hunting will be available every year.
